The Baby's Booty

Thank you for downloading our 4x4 template. We hope that you find it useful in your embroidery endeavors!

Please do not share this file, however you are free to share the link to it. It allows us to know just how many people found it useful!

*Directions: Use your hoop template to mark the center points for the middle of the hoop. Then, place the template behind the stabilizer (line the template up with your hoop guide marks) and use this as a guide to trace your 1in marks.
